Girls division competition likely **July 16–18, 2026** (timeline and logistics TBD).

Team Alaska Coaching Philosophy

Team Alaska is committed to competing at a high level and achieving success at national duals and tournaments. However, our mission extends beyond wins and medals.

Our primary goal is to develop wrestlers, build character, and foster a positive and growing wrestling environment for athletes across Alaska, regardless of experience or skill level.

We are seeking coaches who believe in the larger mission of Team Alaska—individuals committed to supporting and developing all wrestlers representing our state.

Team Alaska is not about promoting one club, one program, or one athlete. It is about uniting the Alaska wrestling community and helping every wrestler reach their potential.

We are looking for coaches who are committed to this vision and willing to represent Alaska with professionalism, integrity, and pride.
